

# LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

## HENRY W. KENT HONORED BY HAMILTON COLLEGE

Norwich friends learn with interest of the honor that has been accorded Henry W. Kent. The honorary degree of Master of Arts was bestowed on him by Hamilton College, Clinton, New York. The president of Hamilton, Dr. F. C. Perry, in conferring the degree, referred to Mr. Kent's birth in New England, his being a member of the first class to receive systematic instruction in Columbia University library, his place as a pioneer in the development and application of library methods that for twelve years he was director of the Slater Memorial museum and librarian of Peck Library, Norwich, following which for five years he was librarian of the Grolier Club in New York city, of which he is now president, and that since 1905 he has been secretary of the Metropolitan Museum of Art.

The three outstanding reasons for the conferring of this honor are the influence that Mr. Kent has for many years exerted and continues to exert for the production of fine books (in this connection it is interesting to recall that in Mr. Kent's speech at the alumni luncheon he referred to the printing of his first book, The Diary of Sarah Knight, Schoolmistress, which he printed in collaboration with B. Maxwell); second, as an authority in American art; and thirdly, and most important, for his contribution to the cause of education, especially as it relates to the correlation of museums, libraries, and schools. To him is due, in great measure, the development of the art museum in America into the far-reaching educational influence that it is today.

Mr. Kent, in addition to being the secretary of the board of trustees of the Metropolitan Museum of Art, is in charge of all the educational work of the museum, which has grown so rapidly during the last few years that a large force of assistants is now employed under Mr. Kent's direct supervision for the varied phases of the work, which include museum instruction, lectures, story hours, the printing of catalogues, handbooks,

and bulletins, lending collections of lantern slides, photographs and posters, work with manufacturers, designers, and students, etc. Mr. Kent in his speech at the alumni luncheon unanimously considered the best speech of the day. He emphasized this great interest of his in a plea before so many educators to wield whatever power they held in bringing the appreciation of art into the life of the ordinary individual. The exact words of Dr. Perry in conferring the degree were:

Henry Watson Kent, born in New England, member of the first class to receive systematic instruction in the Columbia University library, pioneer in the development and application of library methods; for twelve years director of the Slater Memorial Museum and now president of the Grolier Club in New York city, since 1905 secretary of the Metropolitan Museum of Art, recipient of an expert in the administration of libraries and museums, powerful in your influence for the production of fine books, an authority on American art, chief factor in making the great Metropolitan Museum contribute effectively to the cause of education—in workmanlike an artist in administration a master in vision a prophet, by the authority committed to me I confer upon you the degree of master of arts and declare you entitled to all the rights, honors, and privileges pertaining to that degree.

## MAKES AWARD OF \$200 IN WORKMEN'S COMPENSATION

An award of \$200 to be paid forthwith has been made by Commissioner J. J. Donohue in the workmen's compensation claim of John T. Sherwin of New London against the Brown Cotton Gin Co. of that city. The payment is five months' compensation at the rate of \$10 per week.

The claimant received an injury described as "abrasions on the left leg" on February 15, 1915, and was not able to work for eight days, but after that time he returned to work and was employed up to May 27, 1915 when he was

# A NORWICH INTERVIEW

Mrs. Brown Tells Her Experience.

The following brief account of an interview with a Norwich woman five years ago, and its sequel, will be read with keen interest by every citizen.

Mrs. Margaret Brown, 240 West Main Street, Norwich, says: "My back and kidneys were in a bad way. I suffered a great deal from a dull, heavy ache in my back. It gradually grew worse until it was almost impossible for me to get out of bed mornings. I was in that condition for nearly a year, trying different medicines without help. Finally I heard of Doan's Kidney Pills and got some at Sevin & Son's Drug Store, and I found they were just what I needed. They made me feel like a different woman, better than I had felt for years. My kidneys are now acting regularly and the pains have left."

## OVER FIVE YEARS LATER, Mrs. Brown said:

"Doan's Kidney Pills certainly are excellent and they do what is claimed for them. At times when a cold settles on my kidneys and causes my back to ache, I use Doan's and they never fail to give me prompt relief."

See, at all dealers. Foster-McMillan Co., Mfgs., Buffalo, N. Y.

advised to quit work until October 27, 1919. He claimed that the absence from which he suffered resulted from the injury of February 15, 1915.

The respondents claimed that the disability from which Mr. Sherwin suffered was caused by the kind of treatment to which he had submitted himself. The commissioner found that the method of claimant's seeking medical attention in May, 1919, was exceedingly faulty. Instead of seeking first-class medical attention, the commissioner's finding was, and instead of following the advice of the surgeon who had his case in charge, he (Sherwin) sought a line of treatment of a character which is extremely questionable and which is fraught with considerable danger as to immediate results and sometimes results in sequels of a serious nature.

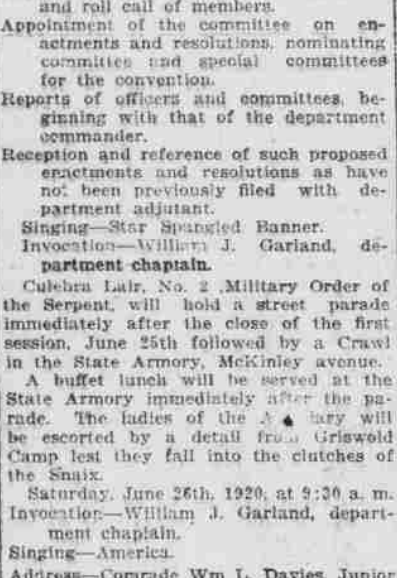

Waterbury.—Mr. and Mrs. Thomas Sheeran of 156 Willow street noted Saturday the 50th anniversary of their marriage. Mr. and Mrs. Sheeran were married in the Church of the Immaculate Conception June 19, 1870, by Rev. Father Hendrickson, afterward Bishop Hendrickson.
